AdvancedGel

NEW

We're mixing it up!

Unrivalled cleaning performance - in the most concentrated pack on the market.

The AdvancedGel range covers the main HVAC/R applications meaning evaporators, condensers, drains and ice machines can all be cleaned and cleared using the powerful gel formulation.

Diluting AdvancedGel couldn't be easier - one part of the ultra-concentrated formula is mixed with 15 parts of water - so a single 490ml pouch contains enough to make 8 litres of finished product.

AdvancedGel ECD

EVAPORATOR CLEANER & DISINFECTANT

- Ready to use
- Aerosol
- Concentrate
