VICTOR CUTTER

A new, specially developed tool - with an innovative design – which makes any air conditioning installation faster and easier. Victor guarantees a perfect cut of both duct lid and base: no more imperfections, no dust.

Outil au design innovant, spécialement conçu pour faciliter l'installation du système de climatisation. Victor permet de couper facilement et simultanément le couvercle et la base de la goulotte, sans imperfections et sans formation de poussière statique.

Ein Gerät mit innovativem Design, das speziell zur Montageerleichterung von Klimageräten entwickelt wurde. Mittels Victor kann man sowohl den unteren als auch den oberen Teil der Kanäle schnell, einfach und fehlerfrei schneiden. Keine Bildung von statisch geladenen Staub.

Strumento dal design innovativo, appositamente studiato per facilitare l'installazione dell'impianto di condizionamento. Victor consente di tagliare agevolmente e contemporaneamente sia il coperchio che la base della canalina, senza imperfezioni e senza formazione di polveri statiche.
